

## Art Design Process

---

### **Step 1:**

The Client provides us with a floor plan of the facility, along with color and art themes.

### **Step 2:**

Artline provides a comprehensive floor plan showing locations of artwork along with sizes. In addition, initial art selections based on client provided color and subject matter is submitted as well.

### **Step 3:**

Revisions such as color changes, crops, etc. are implemented based on client feedback.
